

[AUDIT] [CYBER] [IT]

# Achieving the best learning outcomes.

## Your lifelong training partner

We work with ITPs to deliver the ultimate blended learning experience. Private independent providers offering vocational qualifications, apprenticeships, traineeships, study programs, and certification-focused training to achieve the best learning outcomes.

## Empower your learners

Look to us for certification prep and skills training for your learners. We leave traditional PowerPoint learning behind and provide training that's engaging and interactive to empower audit, cybersecurity and IT professionals to grow their career. Leveling up skills should be exciting and fun, not a dreaded chore.

## Why choose us?

We set ourselves apart from other training companies by our unique talk-show style course format, which keeps learners interested and engaged. With binge-worthy, on-demand training, online instructor-led training and virtual labs, there's something for everyone, no matter their learning style.

Did we mention our virtual labs are award winning?

### Flexible scheduling

Your team can select their own training time that works with their schedules.

### Learning management system

Manage student materials, courseware, virtual labs, exam prep and more - **all in one place.**

### Certification exams

Your team can schedule and take their exam with ACI Learning - an approved PearsonVue testing center.

### Continuous learning

Learners have six months access to online self-paced materials following completion of their program (videos, labs, exam prep).

## Go Ahead...

Provide learners with training that doesn't disappoint - they will thank you!

# Training that's better together.

Embed our training content with your own – either bundling our off-the-shelf courses and labs or working with us to create bespoke training solutions for your customers. By staying up to date with the latest trends in technology, we will exceed your business goals by offering ITPro, AuditPro, and Practice Labs.

Select courses, live-labs or work with us to deliver customer training content that fill potential skills gaps.

## [ ITPRO ]

### Binge-worthy entertainment

A two- person talk-show format that doesn't just educate, it edutains!

- New IT training **episodes are added daily** so your training is always aligned with the latest UI and the current exam.
- **More than 6,000 hours** of online video training content.
- Access IT training videos plus interactive IT **virtual labs** and IT certification **practice tests**.
- Every vendor and **skill you need to advance your teams' IT career**. The only Official Video Training for CompTIA, Microsoft IT, Cisco, Linux, Apple, Security, Cloud, and more.

## [ AUDITPRO ]

### Modern learning

Modernize the way your team learns and earns NASBA-approved CPE credits.

- Leave traditional PowerPoint learning in the past and be in charge of the pace, topics, schedule, and assessments with **subscription based, on-demand training**.
- Delivered in a two-person format, the courses will keep your team **engaged and motivated to learn** so they can stay sharp in the field.
- Our top 10 audit courses have a **better than 90% completion rate** (the industry average for online learning modules is 20%).

## [ PRACTICELABS ]

### Hands-on learning

Put your student's IT skills to the test with real-world situations. The live virtual lab environments align with certifications from leading vendors such as CompTIA, Microsoft, Cisco, and VMware.

- **Live hardware**, not simulations.
- Unique **'test your learning'** method helps cement learning by giving users the chance to **practice and learn from their mistakes** within a live-lab environment.
- Standardized **reporting and evaluations** with vendor agnostic platform.
- Localization or **customization** options.
- **Broad range of IT topics** covering fundamental, intermediate, and advanced levels.
